I'm **Suraj Gautam**, a passionate front-end developer with 6 months of hands-on experience in **React.js** and solid knowledge of the **MERN stack** (MongoDB, Express, React, Node.js). I enjoy building user-friendly, responsive web applications and constantly improving my coding skills. Currently, I'm expanding my expertise toward **machine learning**, aiming to combine my development background with intelligent, data-driven systems.

EXPERIENCE

Front End Developer

LaxmiSoft pvt .Ltd, Kathmandu — Oct, 2024 - Mar, 2025

I have worked at Laxmisoft as a Frontend Developer, where I was primarily responsible for building and maintaining user interfaces using React.js. This role helped me strengthen my skills in JavaScript, React, HTML, CSS, and working with real-world development workflows.

EDUCATION

Intermediate (Computer Engineering Technical)

Kalika Manavgyan Secondary School, Butwal — Apr, 2019 - Feb, 2021

I have completed a two-year academic program in Computer Engineering (Technical Stream) at Kalika Manavgyan Secondary School, where I gained both theoretical knowledge and practical skills in computing. As part of the curriculum, I successfully completed a one-year On-the-Job Training (OJT)

Bachelor in Computer Science and Information Technology

Bhaktapur Multiple Campus, Kathmandu — May, 2022 - Present

I am currently in the final year of my BSc CSIT, which is nearing completion and includes an internship in the 8th semester. During this course, I have studied programming, databases, networking, and software development.
