---

💼 Professional Summary

Innovative and detail-oriented **Full Stack Developer** with over 3 years of experience in building scalable web applications using **React, Node.js, and MongoDB**. Skilled in translating business requirements into technical solutions and passionate about clean code, performance optimization, and UI/UX improvements.

🧠 Technical Skills

Frontend: React.js, Redux Toolkit, Vite, TypeScript, HTML5, CSS3, Tailwind CSS
Backend: Node.js, Express.js, Python (Flask), RESTful APIs
Database: MongoDB, PostgreSQL, MySQL
DevOps & Tools: Git, Docker, Nginx, Linux, VS Code
Other: JWT Authentication, WebSockets, AI API Integration, Swagger

---

🏢 Work Experience

Software Developer
TechNova Solutions Pvt. Ltd., Kathmandu | *Jan 2023 – Present*

- Developed and maintained a job-matching platform using **React + Node.js + MongoDB**.
- Integrated **AI-based recommendation system** using cosine similarity and NLP models.
- Improved system performance by 40% through code optimization and caching strategies.
- Deployed full-stack applications on cloud infrastructure using Docker and Nginx.

Frontend Developer Intern
CodeBase Innovations, Lalitpur | *Jun 2021 – Dec 2022*

- Assisted in building responsive UI components with **React.js** and **Redux**.
- Implemented client-side validation and token-based authentication using JWT.
- Collaborated with backend teams to integrate REST APIs seamlessly.

🎓 Education

Bachelor of Science in Computer Science and Information Technology (BSc CSIT)
Tribhuvan University, Nepal | *2018 – 2022*

🧩 Projects

CareerLink – Job Recommendation System

- Created an AI-powered job portal where resumes are matched to job descriptions using cosine similarity.
- Built the frontend with React and backend with Node.js & MongoDB.
- Integrated admin dashboards, JWT auth, and real-time notifications via WebSocket.

HotelEase – Hotel Management App

- Developed a web app for hotel check-in, bookings, and customer management using Redux Toolkit.
- Implemented CRUD APIs, authentication, and role-based access control.

🏆 Certifications

- **Full Stack Web Development** – Coursera (2023)

- **Machine Learning Basics** – Kaggle (2022)

💬 Languages

- Nepali (Native)
- English (Fluent)
- Hindi (Conversational)

💡 Interests

Open-source contribution, competitive programming, and exploring AI in web technologies.
